ANALYSIS AND ANALYSIS ANALYSIS AND ANALYSIS ANALYSIS AND ANALYSIS A

El Colegio Nuestra Señora de Lourdes es una institución sin fines de lucro católica privada que ofrece sus servicios educativos hace más de 40 años en las comunidades de Río Piedras y pueblos limítrofes. Sirve a una población socioesonómica entre clase media a pobre. Actualmente contamos con una matrícula de 875 estudiantes atendidos por una facultad de 55 maestros y aproximadamente 14 personas entre personal administrativo y de apoyo a la docencia. Nuestro colegio se ha unido en consorcio a los Colegios Católicos de la Arquidiócesis de San Juan en proyectos de Título I, Título IV. Estos proyectos le han permitido participar activamente en la corriente nacional y estatal de reformas educativas frente a los paradigmas docentes y ser partícipe de los procesos de reforma iniciado hace varios años por la Superintendencia de Escuelas Católicas. Por medio del Consorcio nuestros maestros, personal de apoyo a la docencia y administradores se capacitan en los fundamentos docentes de pedagogía y pensamiento crítico.

La meta fundamental de estos programas es el desarrollo óptimo de las capacidades intelectuales y éticas del estudiante de manera que se promueva el aprendizate auténtico y construcción del conocimiento. Para que esto ocurra, los educadores tienen que contribuir fundamentalmente para momercer el desarrollo de seres humanos que piensen críticamente y actúen moralmente por el bien común de la sociedad. Siguiendo los paradigmas de el proceso de enseñanza - aprendizaje según establece Título II: se requiere la transformación del curriculo tradicional y del sistema de biblioteca como centros ágiles de información e interactivos donde se utilice la tecnología más avanzada disponible en la sociedad del nuevo milenio. Nos esforzamos en transformar la sala de clase y la escuela en una comunidad de aprendizaie auténtico y que pueda hacer uso de la tecnología más avanzada promoviendo así los estándares académicos retantes. Desde el 1995 en nuestra institución adoptamos la definición de Educación Tecnológica que se expresa en el "Educational Tecnologhy Expert Panel: Exemplary and Promising Educational Technology Programs 2000" (www. Ed gov/ pubs/ ed tech programs/the expert panel.html) en que se define educación tecnológica como una variedad de herramientas tecnológicas, en que se incorporan diferentes medios y ambientes para mejorar la educación, estimular la creatividad, la comunicación, los trabajos cooperativos para el desarrollo continuo y utilización del conocimiento y las destrezas.

Esta definición es afán con nuestro modelo de enseñanza de pedagogía critica. Nuestros esfuerzos de los últimos años se han centrado en la transformación del currículo tradicional y de los centros de información del colegió. Mediante diferentes proyectos presentados y aprobados por el DE en propuestas individuales y colectivas del Consorcio SEC logramos que nuestra Biblioteca José J. Alonso, el Centro de Enriquecimiento Curricular y Recursos Audiovisuales y el Centro de Educación Tecnológica adquirieran equipo tecnológico, audiovisual y la infraestructura necesaria que ha permitido a nuestros idiferentes centros diversificar y ampliar sus servicios envolviendo a la comunidad escolar en la más efectiva utilización de los recursos disponibles.

Actualmente tanto estudiantes y profesores integran en las clases el uso de televisores, VCR, radios 'CD-players', computadoras mejorando el proceso de enseñanza-aprendizaje y el aprovechamiento de los estudiantes. Los estudiantes utilizan constantemente las fuentes de información que le brinda "Internet". Esto motivó a que el colegio contratara los servicios de la Compañía Thompson Gale para suministrarnos el servicio de Infotrack, base de dato que utiliza la U.P.R. para utilizarse en la biblioteca y ampliar nuestro servicio a la comunidad brindándole la oportunidad a toda la comunidad escolar de continuar sus investigaciones en la comodidad del hogar e integrar asi a los padres en este proceso también. Consideramos que la administración del colegio y el Programa E-Rate apoyó esta iniciativa desde el principio ya que contamos con su apoyo para alterar, mejorar y adaptar las facilidades físicas de acuerdo a las necesidades tecnológicas. El colegio parea los fondos federales con las inversiones que hace en la planta física, seguros, personal, etc. Los proyectos de los últimos años en nuestro colegio han permitido que mejore la calidad de educación de los estudiantes Mediante estos proyectos tanto estudiantes como profesores meioraron sus destrezas tecnológicas y de investigación así como las demandas por más tecnologia.

To Whom It May Concern:

Within the Superintendence of Catholic Schools of the Archdiocese of San Juan, exist a group of schools directly administered by our office. This group of schools is united under a consortium known as "Colegios Arquidiocesanos de San Juan".

Some of the budgets presented by these schools reflect an operational deficit in their net income. Nevertheless, these schools' financial stability is backed up by the consortium as a whole.

If you need any additional information, please feel free to contact us at your convenience.

Dear Madeline Melgen, Applicant Name (All Puerto Rico Applications you have) Contact Number: 1-787-731-6100 Application Number(s): Multiple

The Program Integrity Assurance (PIA) team is in the process of reviewing all Form 471 Applications for schools and libraries discounts to ensure that they are in compliance with the rules of the federal universal service program. We are currently in the process of reviewing your Funding Year 2004 Form 471 Application. To complete our review, we need some additional information. The information needed to complete the review is listed below.

Madeline, we are trying to find out how you get your discount information for NSLP. I'm sure you have something different, however, we will need to have documentation for all the Schools, Public, Private, Academies, Catholic, etc.. with the Total Student Enrollment and those eligible for Free (Gratis) & Reduced (Reducido) lunches.

I tried to call the E-Rate coordinator for Puerto Rico, but no one spoke English.

If there is anything you can do, it will certainly speed up processing the applications. I don't know if you are the only one working on the applications for Puerto Rico, if there are others we will need a complete list of the schools with the information above.

Thanks so much for your prompt attention in this matter.

If you have already submitted the Item 21 Attachments, please fax an EXACT COPY of the Item 21 Attachments that were previously submitted. If you do not wish to resubmit the Item 21 Attachment, you are not required to do so. We will process your application once the Item 21 Attachments have been scanned into our system.

Please fax or e-mail the requested information to my attention. If you have any questions, please feel free to contact me.

It is important that we receive all of the information requested so we can complete our review. Failure to do so may result in a reduction or denial of funding.

Please send the requested information within seven calendar days. If you need additional time to prepare your response, please let me know as soon as possible.

Thank you for cooperation and continued support of the Universal Service Program.

Sincerely,
